“ I would like to take this opportunity to express my sympathy to the Tutak and Gorney family for the loss of my nephew Dean (Baby Dean). He was a son, grandson, cousin, uncle and my first nephew. I remember the day he was born and how much joy he brought to his parents and grandparents. I remember the happy little boy who use to run around and play with my son(Jason). I have many happy memories of him to look back on, I had the pleasure of seeing him 4 years ago as he was all grown up and no longer that little blond boy with the big brown eyes but a very handsome young man. I know that one day I will see hime again, but until then he will be in our hearts. I feel very lucky to have had that wonderful little boy come into my life, he was loved very much by his family and he will truely be missed by all.
With Deepest Sympathy,
The Green Family

“ To Nancy & family,
I also never met Dean but Nanci often mentioned him and was always concerned of his well being. She loved him very dearly as I know the whole family does. My heart goes out to all of you and I pray the grace of God be with you all in this time of grieving and sorrow. Be consoled to know that today he rests in a better place than we can know and that one day you will all see him again.
Much condolences,
Mike & Candy

“ I never knew Dean, but I feel like I did as his Aunt Nancy so often expressed her love for him and the many happy moments that they shared together. I will lift up your family in prayer as you go through this difficult time. Dean will live forever in your hearts.
