“ So very sorry to hear this sad news. I first met Pat when I was a pharmacist for a drugstore in Dearborn and he worked for Stuart Pharmaceuticals. He was always very nice to my family and me. I will never forget his kindness and his infectious laugh. My deepest condolences to his sons.

“ I have read some of these memories of Pat and they truly touch my heart, make me smile , and then tear up. He made such an imprint on so many lives. I think he would be so happy to know that!!

Pat was a great friend for 20 years! He is one of the funniest people I have ever met and he had a great laugh! His laugh was contagious. We would laugh so hard over our crazy escapades at work, that we would end up in tears! I love thinking of all of those stories. I have so many fun memories. Like so many others, I would describe Pat as loving, compassionate, sensitive, generous, creative, intelligent, hilarious, helpful and an all around wonderful person to have in your life. We laughed and cried a bunch over the years. He was a great mentor to me!

It makes my heart smile to think of Pat as a father. I am so happy that Pat got to experience that kind of joy. He was so excited about those boys! He was really devastated after his Mom and Maria's passing and needed someone to take care of and needed to find a way to make a difference in someone's life. He just had so much love to offer. Taking care of others was second nature to him. He sure was over the moon about adopting Jayden and Jacob. I am sure they had so much fun with him. They got him to go and do things Pat would not have done before! He would send me all kinds of silly pictures of the places they were going and the things they were doing. He was always smiling when he was with them. Being a Dad was one of his greatest joys. He wanted to make a difference in their lives.

Pat is the best!!! We did not get to see each other in person over the last year, but were always talking about when we were going to get together next. I hate that part! I know I will go to pick up the phone to call or text him and tell him a funny story, who I ran into, or ask his advice and be sad all over again. He was really one of a kind. I am blessed to have been able to call him my friend. May God bless and comfort your family

“ I met Pat immediately upon moving into Emerald Pointe just a few years ago; we became instant friends. Pat was so kind, I remember him telling me about his desire to add to his family, it was his joy! My heart is heavy because I will definitely miss him. Super kind, super nice, just a great person. Pat, you are already missed.

“ My cousin Pat was more than a cousin to me. He was a person that I looked up to respected and loved just like my brother. Pat was such a caring, thoughtful, generous, loving, selfless human being, if you knew Pat then you had the privilege and honor to have him in your life. He was so proud, happy and loved his boys. Even though we lived in different states we talked often on phone. We spoke of a wide variety of topics, from personal heartfelt feelings to downright silly things. We spent many hours talking and remembering his family's summer visits to New York to spend time with my family, we always laughed at those special occasions and I know I will treasure each and everyone of them forever. Pat you will always be in my heart, I will miss and love you beyond what any words could ever express.

“ My condolences to Patrick’s family and friends. While I didn’t know Patrick well what we did have in common is that we were adopted members of the SPOT CHOIR (maybe he could sing) I couldn’t ... it didn’t matter! He through Maria and me through my mom Pat. I remember the great parties at their BEAUTIFUL home and how welcome and comfortable Maria & Patrick would make you feel. I almost can’t think of a time when I would see one without the other. TOGETHER AGAIN. ..

“ I had the pleasure of working with Patrick as his foster care worker. I would spend hours at my home visits with Pat. He would always make me eat dinner with the family, despite me reminding him of the rules my agency has. Pat always made sure to ask me how I was and genuinely got to know me as a person. As a foster care worker you aren't always treated with the utmost respect. Pat made me feel like I was apart of the family. I stopped being his foster care worker a little over a year ago. He continued to reach out to me and send me family photos. Pat reminded me how important my job is and he made sure to always tell me that I made a difference in his life and so many others. What Pat didn't know was that he was the one who made a difference in my life! He always knew when I needed a reminder of how important I was. Pat was a wonderful father and friend to me. He will be missed and will always have a place in my heart.
