“ My Dearest Richard you left us way too fast. I had so many un answered things I critically needed to ask you, your only words to me after dedicating every waking minute to ensuring your every want became a reality was "You will land on your feet, you always made sure we did". Well nine months later I am not even able to pull myself across the room on my stomach. The girls and I are so very empty. My entire family has disowned me. I pray to God to please please just allow Willow and I join you. All my love for ever and always Pugs

“ Dad as you are laid to rest today I find peace in knowing that your battle is over and you can rest now. You have been a true warrior in life and have bestowed upon me your strength and perseverance, love and compassion. I am so blessed that I was able to spend your final days with you and was there for your passing. I know you are with me always and the memories of you will stay with me forever. You were a great father and a good man. We will see each other again in the Kingdom of Heaven. Until then Oorah! o7
I love you Daddy!
