“ Although I haven't seen Aunt Adele in years, she was always remembered by me as someone that loved children. I remember her visiting me as a child and always being kind. I never knew she had so many accomplishments in her career. I am truly amazed. She lived a long, full life and contributed so much to others. She was a woman with vision and character. May God Bless her. Annette Honnila##imported-begin##Annette Marie Scherock Honnila##imported-end##
