Tribute Wall

“ Dearest Brother, I find it so hard to say anything. I remember how hard life was when we were little children - you were two or three. If anyone only knew, that person would understand better. The pain is so very deep. I have never forgotten and the pain, the grief, is so deep. We were survivors. All I know is that I weep because I wish that life had been better. Neither you or I asked for what happened to us. Forgiveness does not go far enough. Understanding is the key to acceptance, and acceptance is love. I have found it hard to say that I love you. "Auggie, I love you." Elvio, your big brother.##imported-begin##Elvio Rosati##imported-end##
