“ I remember playing golf with Arlene many times. I have been at her home numerous times when we were young. She gave my then toddler daughter her first potato chip. She has been hooked ever since.
My sincere condolences to everyone in the family. She will be missed. ❤️

It's so funny you mentioned the potato chips, we were just talking about them a month ago with her and how they were delivered fresh to the house in a tin and how delicious they were! Thank you for sharing this memory! Sarah, her Granddaughter

“ One of my favorite topics to talk to Grandma about was her travels to New Zealand. I loved hearing about the time she spent there, and it's amazing she was able to visit decades ago when even now, getting to New Zealand seems like a tall task! Every time we would talk about it Grandma would say if I was ever thinking of traveling anywhere, to do it now when you can go, as opposed to waiting for a time that may never arrive. Love you Grandma
