“ I met Aurora Pangan about 45 years ago. I was in college and worked part time at the hospital. She encouraged me throughout the time I worked with her. When I graduated she encouraged me to quit and pursue my dreams. She knew that I had much fear and trepidation. She gave me a beautiful statue as my graduation present. I'm so sorry that I lost touch with her over the years. I was black and she was Phillipino, and always referred to me as "My Jaimie." Love knows no color.

“ Our heartfelt condolence to Chiqui, who devotedly took care of Auring on her last difficult years, gave us updates on her medical condition and carried the emotional stress of seeing her go. My memories of Auring go back more than 50 years ago, when I was a medical intern at UP-PGH. She was the best nurse on the Ob-Gyn floor! And she got her brother Mar down from Baguio to PGH, introduced us, thus started the Manarang-Pangan family. On my first ever trip to USA, she took me under her wing for a year. If ever there was a heart of gold, Auring had it. Goodbye Auring, in due time we will meet again.

“ It was a so many years ago when ago when I last saw Tita Auring personally. Maybe almost 20 years. But since she & tito chic have always been in touch with me, we never felt the distance. Tita Auring gave me the strength & all the assistance she could give specially during the time when my mom, her sister, was very sick. I can never thank her enough for that. I have always felt your love through our phone chats & later on through video chat. I love you so much, Tita Auring, you know that. I have been praying for you and will continue to do so. I know you are rejoicing now with our Father God together with Mommy and Lola 'O'. And I know you will continue to guide us and will always be with us. I love you. You will always be in my heart. Hugs & kisses to Mommy & Lola.

“ I remember Tita Auring as a fun loving person. She would always tell jokes and make us laugh, or try to spook us with her big round eyes. Tita Auring also gave me my first computer. I guess all the time I spent fiddling with it, helped me a lot and molded me, for now I do computer programming for a living. Thank you so much Tita Auring. I wish you much love and happiness, wherever you are now. Do try to spook me again, with those big eyes, in my dreams. Condolence Tito Chiqui.

“ *Condolences to Melette, Kuya Mario and Atchi Sol.*

*Our fond memories of Ate Auring was about 41 years ago while she was living just north of Detroit, Michigan with the Kirchoff family. She was still a young, single R.N.. When she learned Dolly and I were in their area visiting on a road trip vacation from New Jersey. she invited us to have a barbecue of hamburgers and hotdogs at their home. She had to go out of her way because she had to call in sick from work just to meet with us. We enjoyed that visit with her and the Kirchoff family. We will miss her.*
