“ Aunt Barb was so very special to me. Being my namesake we had a bond from the beginning. I have fond memories of weekends at her house when little. We lost touch for a time after my Dad (Jerry) died, but once we re-connected, we had a wonderful friendship. Tom and I spent great summer evenings talking over dinner with her and Len. When they stopped traveling we got to see them year round. Last March she came to our St Patrick's day dinner and shared her travel stories with Tom's family. We all enjoyed that so much. Her last weeks were spent texting me to check on my Mom who was very sick and she let me know she was praying for her. I will forever love and miss her. We truly were each other's favorite Barb. Much love to my cousins during this sad time.

“ My Beautiful Grandmother loved each grandchild with all her heart. As the eldest grandchild, I have fond memories of Gram reading to me at a young age, sleepovers at the Washington house, and unique gifts brought home from far away adventures. I will dearly miss Gram's red lipstick kisses and sweet strokes on my cheek. We shared a love of books, travel, and style. I will be forever grateful for her encouragement and constant interest in my pursuit of health, happiness, and success.

Aj, Aiden, and I send our extended family love and light during this difficult time.

“ I'm so sad to lose my wonderful Aunt Barb. You've given the whole family so many great memories which we will never forget. I'm so thankful for the time we spent together last summer with Aunt Betty when we visited my Mom and Dad's memorials at Great Lakes cemetery. We were remembering all the beautiful times our families shared. Your memory will always bring a smile to everyone's face. Tell your big sister her son is behaving and give her a hug for me.

“ My deepest sympathy to you all. I didn't know Barb as long as most of you but she always made me feel like family. I'll be forever grateful for the McCormack, Beith families and all the others with too many last names to remember, lol
She loved her family, it radiated out of her. My deepest regret is I didn't get over this last year to visit her. Barb, give Alice a hug for me, may you be rejoicing this Christmas and having a dance or two.
Love you
