“ Memories of Beth began in her childhood home on Ruby Street. Those were days of truck campers and homemade goodies crafted in the middle of the night to surprise little girls with big eyes. The last time I saw Beth she was a smiling bride dancing up the aisle full of joyful expectation for a full life filled with love. It is no wonder that Beth became the heart of her family. From her childhood she was always cheerful, kind and nurturing. She carried a quiet confidence about herself. It is a legacy she leaves her family. She was a loving mom, wife, daughter, granddaughter and niece. My family and I are so sorry for the loss of two dear daughters within two weeks time. We pray for God to grant your family strength, healing, and peace that only comes from God. Until we meet again.##imported-begin##Julie Hoelscher##imported-end##

“ Dearest Beth,

We are so proud of what you have accomplished in your short but very fulfilling life. You were best friends as well as loving Mom to your two daughters. All that knew you loved your caring ways and sweet disposition. The two as well as four legged critters that came and went through your happy home can attest to the fact that all were loved.

You and Dave may have shared a few normal bumps on the curves but the long straight a way's were always a joy to behold. We will miss your frequent calls and updates on "the girls", Dave, Donne and Mary. You took the reins of Matriarch when the family splintered due to retirements and out of state relocations of relatives and did a fine job. The example set a standard for your girls to follow and assured that your legacy will thrive.

You are now with your Dad, Mary, Gail Lynn, Dave's parents, Grandpa Ted, Ma and Pa, Grandpa Alfred, and most especially Grandma Charlotte. You never knew her in this life but we are certain you are now best friends with her. You were so much like her and that was a gift for all of us. It is so strange that you came to us not long after she passed and you have now left us at nearly the same age..... God works in mysterious ways and we must not ask why. We must have faith that all is right in his actions and look forward to the day when we are all together again.

Love and miss you so,

*Grandma Nesa and Uncle Jan##imported-begin##Uncle
