“ Pam,

*I am so sorry for your (our) loss. I just loved your mother; she was full of spirit and lived her life to the fullest. I loved to watch her energy and often wondered if she was running on a Duracell battery. And, she was a character, to say the least . . . I mean, a real funny lady. She always made me laugh. Just remember, there is no such thing as "nothing." Every molecule exists in one form or another; our loved ones are with us always. I know she will be greatly missed by all who knew her.*

*Sincerely,*

*Brenda Hladik*
