“ I had a dream the other night and I thought of Bev. I was left with the feeling that something was wrong. I decided to Google her name and to my sadness, I discovered that Bev had passed away in 2009. I worked with Bev from 1974 till 1979 at South Macomb. I was newly married and had no family here. Bev became my second mother. I still remember her warm smile and how she liked to joke around. She was queen of the outpatient lab and everyone loved working with her. So many years later, I am saddened about her loss. I only wish that I had stayed in contact with her. So sorry for your loss.

“ Dear Leo and Family,  
Back in '73 I was very young, a new wife new mom and a new member of the phlebotomy team at Macomb. It was there that I met Bev and her smiling face. I have so many fond memories of her. She was the best co-worker, teacher, counselor and most of all, friend. I learned a multitude of things by watching her balance career, home and kids. She was a model of patience and kindness and full of fun and laughter. She will be forever in my heart!

Our love and prayers are with all of you,

“ Dear Labuda family,

*Please accept my condolences on the loss of your wife, mother, grandmother... In 1974, as a fresh faced high school graduate, Bev took me under her wing and taught me how to draw blood. That began my 30+ year career in health care. I remember her as an excellent phlebotomist (really the best!) who always showed great respect for the patient. She also had a terrific sense of humor and I can see her smiling face and hear her laugh even now. Thanks for sharing her with me so many years ago. God's blessings and peace on you all.##imported-begin##Bill Mott##imported-end##*

“ Momma,

*I already miss you. When I woke up this morning at your house I felt such an emptiness. I know you have made it to your destiny --- you are so blessed. Thanks for being my best friend. You were the best listener and I know you will continue to listen. I so appreciated every ounce of advice you have ever given me. I am going to miss your touch the most. I thank you so much for this journey of life you have allowed me to share with you. You have been a true inspiration to many. We will carry on your legacy with all of your grandchildren. There are so many wonderful memories. Dad will be cared for -- don't worry! Momma thanks for being the "perfect woman" that you were. You are missed dearly.*

*Love you forever,*

“ I had the pleasure and honor of working with Bev at Macomb Hospital about 15-20 years ago. She was such a warm and genuine person, she truly cared about each of us. I'm not sure if she ever realized how much we all looked up to her and loved her. One thing I loved about Bev and will always remember was her beautiful smile. You just felt God's grace through her smile and her eyes everyday. She was a special lady, and touched all of us. I'm so sorry for your loss, you are in my prayers.##imported-begin##Theresa Vedolich##imported-end##

“ Dear Mr.Labuda, Paula, Deb, Laura, Mark and families, Please know that our thoughts and prayers are with all of you at this very difficult time. Your wife and mother was such a big part of the best of "Barbara Street." She had a wonderful, warm smile and she was a genuine person. Rest assured, that she is now in the company of our Lord and she has joined the Communion of the Saints. She will always be your guardian angel and she will always be the brightest star in the night sky.  
God be with each of you. Love, Patricia Valenti and Family##imported-begin##Patricia Valenti##imported-end##
