“ *Brenda was my legal secretary for over 20 years. We were both young then, very busy and very active. It’s hard to believe after these many years how much the two of us could accomplish. We would usually meet in my office around 4:30 or five and I would dictate for an hour or two. We would then go our separate ways all the next day and meet again, for all of those twenty years. She could read my handwriting no matter how scribbled. For that matter she could usually read my mind! Her skills of course were impeccable.*

*Brenda was also one of my closest friends. We helped each other through many professional problems and personal tragedies. Her counsel and advice was always sound and compassionate. I will always be in her debt and she will always be in my prayers.*

“ *We have been friends with Brenda for almost thirty years. She was a very caring and giving person. From entertaining her friends to making beautiful quilts for our grandbabies, she always thought about doing kind things for others. When we would talk on the phone, she might say that she was not having a good day. Yet somehow she was always upbeat. By the end of our conversation we always had a good laugh. I often thought how strong she was in dealing with her medical issues. We will miss her.*

*We grew up together. Cousins having fun. Dropping over because our mom's decided it was time to see each other. That cool piano that you had downstairs that we so envied because you got lessons!! My mom used to always say 'that Brenda, she's so smart'. She was so right. Smart and loving and so funny. Your laugh was contagious. You were so creative with your quilting and we shared the love of making cards. It meant so much to me when you would tell me how you loved one of my cards. I will miss that and you very much. Life is hard when you have to say goodbye, so let's say until we see each other again.*

“ *Brenda, you were always so sweet to me when I was a child. I have such fond memories of brushing each other's hair after holiday dinners and talking about arts and crafts. Your thoughtful gifts and beautiful quilts and welcoming homes will be in my memory forever. I will save the beautiful quilts you made for my children and pass them on to my grandchildren someday. I hope you are quilting and golfing and playing with your dog Sammie in heaven now. I love you and miss you.*
