“ I remember my summers spend with Uncle Carl and Aunt Sally. The many grage sale hunts and time spend just with both of them. I was able to come for Aunt Sallys and I am saddend to not be able to make it for Uncle Carls. I am thankfull for my last phone call not two weeks before his death. I will deeply miss him. But I have my memories of all those summers.

I Love you Uncle Carl.

“ I never knew which holiday you would call and sing to me, Uncle Carl. I called you this Valentine's Day and left you a message that you never heard. I will miss your phone calls, visiting you when I come to see my dad and remember you always, especially on holidays when I think that maybe this would be the one you chose to honor me with a phone call. I love you.##imported-begin##Brenda Benner##imported-end##
