“ Heart breaking news. Carol was the best. I switched from nights to days at the hospital. She is the only nurse who supported me. I would make her tell me that she loves me if she wanted my cream of broccoli soup. She made a difficult job look easy. Thank you Catol for all that you taught me. Professional and personally. Rest in piece. Love Kimberly Sikora

“ I worked in the ER with Carol when I was a new grad. She taught me a lot and we had some great times. She shared a recipe for October butter which I made every fall. I thought of her every time .I am sad during a move the recipe was lost. I extend my sympathy to her family. She was unique
