“ Patty, Carl and family, Although Bruce and I never met Caryn, I feel like we did through you. I know how much you worried, and tried so hard to do everything to make her better. It was time for Caryn to be at peace now. We will never know how you feel losing your daughter, but know we are sending prayers to you and your family.

“ Caryn was definitely passionate about her family and her labs. The family would prefer that instead of sending flowers, that you make a donation to one of the following organizations in her name.
