“ Aunt Cathy,

You will forever be in our hearts! You were a very special woman, so caring loving and thoughtful. The memories I have with you will be cherished forever! Those late night rides in the corvette when you were upset over something I guess you can say we know where I got my lead foot. The sleepovers at your house with Gary and Ed and when you would let me go through your dresser drawers to find treasures! And the countless times up at the cottage are priceless. Following tradition the way you made my girls feel so special when they saw you is something they will always remember about you! And the Christmas mornings at your house since I was born are memories I will always remember and cherish! You will be missed dearly and I promise you I will continue to look over Uncle Brian and Tony (the apple of your eye) to make sure they are okay even though if I know you, you will never be far from them you will always be their guardian angel! I hope you are out of pain and have peace I hope you are with Grandma and Grandpa with Dad by your side! Please tell him I miss him dearly and love him!!! I pray for you and your soul may you have eternal peace and happiness!##imported-begin##Lisa Vermeersch Wilson##imported-end##
