“ I never worked in the same department as Charles, but I had a lot of contact with him at Chrysler when he was an engine mount designer. He is one of the people for which I had a lot of respect. He was always pleasant to work with. He was an extraordinary man and his family can be very proud of him. He is someone I'll always remember. The world needs more people like him.

“ Mark and Kim, this is John Ries. I used to own Julianos Restaurant. I am saddened to hear of your parents passing. Seeing them bring you little ones in for dinner and getting to visit and play around with you both was always a high spot in my day. They were good and kind people and will be missed. You and your families will remain in my thoughts and prayers

HE

“ Please forward this message to Mark and the remainder of the Allison family.

Mark, this is Herb Seubert. I cannot thank you enough for the time you spent on the phone today with me, to discuss your parents. Your father is a great friend of mine, both during the time we worked together at the Chrysler Tech Center, but also after his retirement, when he golfed with me at my charity outings. My wife and I purposely turned down Robinwood every time we would visit my wife's parents, who lived on Common near Schoenherr. We were lucky a few times to find your parents outside, keeping their property and the boulevard island in meticulous condition. We will greatly miss both of them.

I want you to be aware that your father's obituary has been forwarded to fellow workers / retirees at Chrysler, with the hopes that it gets communicated to all that knew him.

Thanks again, and best wishes to everyone in the family during this challenging transition.
