“ Dear Mike and Bob,

I am so very sorry for your loss of your mom. I wish I could take away all the pain you two have been through and replace it with joy. I am sorry that I was not able to make it in for the funeral. I hope you know that your mom was so proud of you both and that she would want you to live life to the fullest and remember her fondly as you experience each day with your families you have now and the ones you will both be building. I remember your moms sweet giggle and smiles and how she lit up when she watched you both play as little kids!!! Take care and know that we love you.

“ Bobby and Michael,
You know I have always felt that we are family. We have spent many holidays together and shared many happy times as well as sad ones. Your mom was the BEST. She always worried about everyone else-your dad, grandma and of course the two of you. She was so proud of both of you for the things you have accomplished and for the love you have found with Cat and Jessica. She was always there for you and we will try to help fill that void. We feel it too...we didn't want to see her in pain and she did such a good job to hide it from you and from us.
You are surrounded by such a wonderful group of friends and family. They are a great support group. Don't hesitate to ask for any help from any of us that will always be a part of your lives.
I loved your mom as a sister and will miss her as I have missed your dad and grandma.
I guess there must be quite a celebration going on in heaven. There is quite a group there that we all know. I think they have been sending their love to us by way of the sunshine. God will take care of them.

I love you both. Make your parents proud of you as you continue what they started. Aunt Rosie###imported-begin###Rose Dirjan###imported-end###

“ Dear Bobby and Michael, I just learned of your Mother passing. I worked with your Mom for many years at K Mart. I retired two years ago so I didn't know of her illness. She was a pleasant person to know and work with. My prayers are with your family. She is with God and you can be sure he will watch over her and keep all of her family in his care, God bless all of you. Love Josie
