“ I knew Cindy from approximately 15 or 16 years old. I met her through Kim Gacki. I originally started playing softball with her in 1973 or 74. She introduced to recreational softball and I continued to play for 38 years. Cindy was also the person who introduced me tennis and sort of recruited me for the Osborn High school tennis team. If not for her, I dont know if I ever would have picked up a racquet, played in high school and ended up with a tennis scholarship in college. I am forever grateful for her being a part of my life, at a significant time that likely lead to my career. She was always a significant part of our softball teams and a great hitter. She was an important member of the Osborn High school tennis team, that lead to our championship seasons. She will be missed by whoever played any sport with her as a team member. I can assure all who knew her, she is in heaven, having a great time, with her Mom And Dad. She was a good friend to all. Cindy rest in peace.

“ Cindy and I were doubles partners on the Tennis team at Osborn. She was also a classmate of mine at St. Raymond's. She was always friendly and upbeat. I think by looking at Facebook she and her husband had a beautiful marriage and enjoyed every minute. Even during the pandemic they made the best of it by doing puzzles together. And looking back it was time with her husband that I'm sure he will treasure. God bless her and her family. May she rest in peace and may Mark be sustained by the beautiful life they had together. ❤️ and all the beautiful travels they had are memories that will never fade ❤️
