Tribute Wall

“ Dan, although I have not seen you in a few years, I have fond memories of many good times together with the "old gang." Hope your life was going well for you and you have been happy. So sorry that you weren't able to live out your life until your golden years. I hope you are in a better place with no worries and cares and may the grace of God raise you up on eagle's wings and hold you in the palm of his hand...your friend, Sue.
