“ My dear brother Danny, I want to thank God and our dear Mother for bringing you to us as a brother. You were the most kindest and the most caring brother a sister could ask for. How I miss you already. The greatest thing you could have ever done for me on your dying bed was to tell me that you loved me. I knew you always did. But to hear those words as you were suffering so much, just meant so much to me. I love you and will forever love you Danny. May you finally RIP and be with your one and only true love Leahann. Hug mom and Edju and tell them how much they are loved and missed. One day, we will all be reunited in that wonderful place, they call heaven. When my time comes, I pray you are all there to greet me. I love you Danny Boy
