“ I knew Danny thru many years working in the experimental engineering shop at GM and eventually at Powertrain in Pontiac. We enjoyed perch fishing around Hansen's Island together, as well as talking and complaining about the Lions and Tigers over a beer! What a great guy and greater friend!
My condolences to Diane and his children, he will be sorely missed.

“ We have lost a very good friend. Mel knowing Dan from grade school till today.
Dan always had a smart remark when getting together. It always put a smile or laugh on our faces. Dan, Diane and kids have been part of our family till this day.
He will always be remembered in our thoughts and prayers and missed very much.

“ Tom and I haven't known Dan for long. We enjoyed his company with our families. We know for sure he was a good father because our son-in-law Steve is simply the best.
Our condolences to Diane and the whole family.

“ I remember riding in the back seat in his jalopy with my friend as he drove us to the skating rink and we had to hold on to the back seat so we didn't slide forward since the back was jacked up so much higher than the front.
And as tall as he was, he graciously let me take him for a ride in my brand new 1967 VW bug with a sun roof which I opened so he could comfortably ride with his head sticking out the roof! Couldn't have asked for a better brother in law. Love you, Big Guy!!
