“ *" The best years of my Bell Tel / A. T. & T. career were working side by side with this wonderful man . Dave took me under his arm when I was transferred into his work group . Both of us were military veterans and shared outdoor hobbies , music playing, and humor of all types including also boating. We became best of friends and often played for music dances around the Bell Tel Pioneer dances etc. His advanced skills in telecommunications and smooth communications with all people made every week a pleasant adventure and a dream team crew we shared in those years. We shared so many similar opinions and humor that it brings to mind that a lovable person like Dave has been a blessing in so many ways to me and our Team.*

“ I've known David all of my life and he was one of my favorite relatives. We had such a great childhood, he and his brothers and I used to goof around on the weekend when we stayed at his house or mine. We had a lots of cousins and our family's were very close. He and his wife came out to visit a couple of times. He wa s bit of a vagabond and traveled around the country in his motor home. My mom just loved David. So sad to hear he has gone, I just got back in touch with him at the beginning of this year and now he is gone.

“ Our cousin Dave visited us often especially since we are the "American" arm of the family. Our mom was June Guerin, and grandmother was Aggie. So many laughs over the years when he and our mom would argue, loudly, about their Euchre games. Very raucous, competitive family! We will miss him dearly and send our love and prayers. “ One of my favorite memories of Uncle Dave was when I was just a kid. We were at a campground and we walked over to the pool only to find it was closed. Matt & I were probably so sad. So Uncle Dave asked the workers why it was closed, afterall the pool was clean and it was daytime. They gave him some lame excuse and he was like well that makes no sense. So Uncle Dave jumped the fence, dove in and swam a few laps before getting out and leaving. Matt & I thought that was the coolest ever. It was such an “in your face” move from a typically quiet guy. 😂 Uncle Dave definitely had a unique sense of humor. He will be missed.

“ Dave was the type of son who came to visit our Mother in the hospital. He showed up with the largest bouquet of Lilacs. He had remembered her favorite flower. I can still remember that wonderful fragrance til this day. Dave you were a wonderful Son, Brother and husband. Love your sister Debbie.

“ Dave and I started on the same day in management at Michigan Bell and our Friendship grew from there. The long days and sometimes even the longer nights led to many memories. With poor Dave saying "if I have to listen to that joke one more time...", and than there were the surveys... Good Times! It is with much sadness that I send my condolences to Gail and the Family.

Dave was the type of son who remembered his Moms favorite flower. Our mom was sick and in the hospital when Dave showed up with a huge bunch of Lilacs. She loved them, and so did the hospital staff. I can still smell them to this day! That was Dave, he lived his Mom.
