“*Dave was one of the finest persons I had the pleasure of working with at the Sterling Heights Assembly. He was very smart, very hardworking and extremely helpful and he guided me through some of the toughest times at work without giving it a second thought. He was more like a friend and was always positive, funny, and had the biggest smile on his face. Some of my best times in the two years at SHAP were when working alongside Dave. He was a great mentor and always talked about his passion for scuba and going to the gun range and how his family meant the world to him. When I left SHAP, he was one of those that I missed a lot. I was shocked and very saddened to hear of his passing and he has definitely left a great void among his friends and family. May his wonderful soul rest in piece and my condolences, though very belated, to his family.*”

“ I had the pleasure of having Dave for a supervisor. We talked a lot about food and desert, and I watched how his face glowed. I enjoyed his conversations. He spoke highly of his wife and son. Dave I will miss you and that big smile and that pleasant attitude. A beautiful spirit. Some people come into your life for a moment, and that moment leaves a great impact. Dave wrote his short story by the way he lived. Each day represent a page in his book. He completed his short story and therefore it was time to moved on for his next assignment that God has planned for him. Dave left darkness and move into the Marvelous Light. He has a New Home over in Glory. To the wife, son, and family hold your head up high and remember that Million dollar smile. Remember if YOU live and do God's Will, YOU will see him again. You have my deepest condolences. Remember he was God's First, before he was yours, and you're His and you will see him again. I'm praying for your strength. God be with you. “ I had the pleasure of meeting David once at Parent-Teacher Conferences. Within that short exchange I could tell right away that he was a man of principle and integrity. He was intelligent and grounded and it was evident that his roots within academia were deeply embedded. His eyes lit up when he spoke with pride about his dear son Anthony.

*I send prayers to the entire Safford family. I know Anthony, who is one of my finest students and a true gentleman, will carry on a legacy that his father would be proud of.*

“ *We have known Dave since 2005 when we joined up in Roatan Honduras scuba diving. Over the years he has been like our other son, Dennise and Anthony have become a part of our extended dive family. We will miss his sense of humor, and devilish antics. May you watch over us and the dive shop. We will miss you Dave. May you be diving where ever you are. Our sincerely heart felt sympathy to the Safford family. Don and Mickey Wrona and the Whole Anchor Bay Scuba Family*

“ Dave and I both started at Chrysler together back in 2010. We spent 5 years together at SHAP. Dave did numerous jobs (and shifts) while there, but was an electrical and PFS wizard who was always being called in to help. We chatted daily as we handed off the follow up issues/tasks for the day. He always had a story to tell, and a smile on his face. I considered him a dear friend who helped us get through the tough, long hours. I am glad he got to enjoy his many vacations and diving trips with his family. It is still a shock he is gone, but he will always be remembered and missed.....my prayers go out to his wife and son, and extended family members.

“ To the family of David Safford. I am so sorry for your loss. I am a classmate of David's at Rochester College. Although I never met David, we both attended classes and were in the same educational program. I was always so intrigued by his intelligence and his writing skills. His posts were most enjoyable and I learned from him. I will keep you all in my prayers.

*Peace be with all of you during this time or sorrow.*

“ *Dave, I haven't seen you since we graduated WHS, yet we shared so many fun times and fond memories from Angus Elementary, Fuhrman Jr High to Warren High. We got in trouble a few times together and I remember just laughing it all off before whatever punishment was delt to us. Nothing but good memories that I will never forget.! Prayers to your family. God speed David.*

“ I feel blessed to have spent time with Dave while working at SHAP. He was so uplifting and could provide laughs when one needed them the most. I too know he was most proud of his son and spoke about him frequently. I am stunned it was time for his next mission and send Gods Love and Blessings to his family. He was one of the BEST guys to work with and he always shared his knowledge freely. MAY THE BLESSINGS BE!

“ Worked with Dave at SHAP yeas ago, and our paths would continue to cross afterward. I remember a man who always was smiling. He had this uncanny ability to make you laugh. The stories he would share would grow taller each year, and those were the moments where his sense of humor would shine through.

“ I worked with Dave at Chrysler Sterling Heights Assembly for several years. He was a concerned person, always looking for the best way to do the job of building and repairing automobiles. He cared about his co-workers and the people who looked to him for answers. My thoughts are with his family, remembering the laugh, good natured jokes and thoughtful way Dave would help out those around him.

“ We met Dave through Anchor Bay Scuba dive shop a few years ago. We spent some good times with him on our first trip together. He was very interesting to talk to and we enjoyed his sense of humor! And then the next trip Dennise came with him and we had so much fun together. The last trip we had with him he brought Anthony and it was great to meet their son and get to know him too. Our deepest sympathy is extended to Dennise, Anthony and the Safford family!

“ To the entire Safford Family..... I am so sorry for your loss. Please know that I share in your sadness of David's passing. I had the great pleasure of working with David at Chrysler in quality control. There are so many memories that I could write about of the crazy times to the crunch times and all in between. He was a very giving person, and he cared about his fellow workers, always asking how I and others were. We talked about a variety of things and shared many stories. The stories shared about his family were precious, always a smile on his face when he was describing what he was going to do with his son on the weekend or a particular night. He was very open minded and actually listened to any ideas I had to make my position more productive. I have his number in my phone, and never did I hesitate to use it. He would answer immediately or soon after. I cannot remember once that he ever left me hanging without an answer or a resolution to a problem or need. He was a very good listener when time allowed. He cared enough that even when he was switched to 2nd shift, he always checked in to see how things were going. I always considered him a friend and just a good guy. He will be missed, but all the memories shall keep him alive and well. He has begun a new adventure as our Father God has called David home to his everlasting kingdom of eternal glory. As God promised safe passage I believe David is safe and well in the arms of those loved ones who began their journey before him and greeted him home. We shall all meet again one day, my friend. I am sending prayers with deep emotion of comfort during this most difficult time. XO

“*Dave over the past 21 years, you have been like a brother to me and a friend. I will always treasure your witty sense of humor, your passion for debating and politics along with your generously to lend a hand to anyone in need. David's passion for life continues to shine through his love of his life and wife Dennise and his pride and joy, his son Anthony as well as family and friends. Dave, you will be truly missed, but never forgotten. Rest in heaven, Olivia*
