“ My deepest sympathy and prayers go out to the Varcak family. I worked many years with Dave at BASF and I will always remember him as a dedicated, and thoughtful man. Dave always took time to listen and sincerely cared about those he worked with. He will be sincerely missed by all who knew him.

“ I first met Dave when I was hired by Inmont to work at their newly aquired Hamtramck facility in April of 1982. Dave taught me how to formulate automotive paints, and showed me the important characteristics of automotive paint films.

He always had time to help anyone who asked. I feel enriched for knowing him. I will always have fond memories of Dave as a friend and colleague.##imported-begin##Marc Fenwick##imported-end##
