“ I’ve worked with Dean for 10 years. Always had conversations and laughs. The past 2 years we’ve been rubbing elbows and he has been such a good friend teaching me CNC. We talked everyday about animals, airplanes, new drones he was excited to fly. Everyday for years. I can’t put into words how much I miss his presence. I will never forget you Dean.

“ Dean was the most gentle man I have ever known. Always completely efficient and competent in any task given to him he also had a sentimental and compassionate side that would show whenever he saw anyone hurting or an animal in need. I was fortunate to work with Dean and his friends and coworkers for many years at Tri-Way. He’ll be missed by all who knew him. God is with him now.

Sincerely,  
John Burke
