“ I've known your Mom since high school. She was a very caring and giving individual. While we all fight our own demons she intuitively knew when we needed a shoulder to cry on, a hug or that someone special to just listen to our problems while suppressing her own. Her love for her family was undeniable. She loved you all so very much. We will all miss her smile.

“ Debra and I were acquaintances in high school, and more recently (for the past several years) became friends on Facebook. Her comments were thoughtful, humorous, and very often full of love for her family, her daughter, and grandchildren. My sympathy is extended to all of them. The world has lost a lovely person; she will be missed.

“ Sad to say, but I had not seen Deb since we graduated from high school. I remember that she was always smiling and laughing back then. We were fb friends for the past couple of years and I could tell that she hadn't changed. She was excited about our upcoming 50 year reunion so her sudden passing is especially hard. I will miss seeing you, Deb.

My condolences to Deb's family. I hope that your fond memories of her will help you get through this difficult time.

“ *Debbie and I became friends when she moved to Marine Street in East Detroit. She started in 6th grade and I was in 5th. We had lost touch after I moved after my 6th grade. We reconnected this year and we had such a good time. I'm devastated we cannot continue renewing our childhood friendship. I found this picture of her from our Kellwood School Remembrance Book.*

“ I remember meeting Deb and her brother Larry back in choir at Grant we became friends way back then, and have remained friends ever since. When she recently bought a house in Warren last year I remember how proud she was, and how happy that made her. You are loved Deb by many and will be missed by all. We'll all be together again some day so until then enjoy your new life.
