I never met Denise, but since the 60's I had heard the admiration in my sister's voice as she told tales from SHHS. The life she led with consideration and love for others is only a small part of the legacy she has left for all to follow. I hope Denise's family knows that they're childhood friends from Roseville surround them and are giving them all a bear hug of support during these difficult times.

My precious friend. I can't imagine my life without you. Most days we talked 2,3,4 times. You loved unselfishly and always put the people you loved first. I shall miss you terribly. I love you Denise and always will remember our hardly laughs. You are at peace - and we will see each other again.
