“ *Dennis was one of the most caring and hardest working people I have had the true pleasure to work with for almost 11 years. Dennis was so amazing, had a huge heart and was always willing to help our team out. He always engaged with our team and truly cared about what he was doing and helping a team member. I've always said he was the heart of OnTrac, caring about the job and customers he helped every day! We are so lucky to have known him and crossed paths with him in our career. Karen and Megan, we are here for you during this difficult time. Dennis meant so much to us!*
