“ *One of my fondest memories of Aunt Dolly is when she would sneak
up behind someone at our family picnics to drop ice cubes down
their shirt! She always made me laugh and I will always remember
her for that gift. God Bless her and her entire family. You are in our
thoughts and prayers.*

I have many fond memories of Samaritan and Dolly was at the top of the list. She always had a smile and a quick comment that would make your day...I will always think of her and smile...

“ Working with Dolly at Samaritan Hospital was a treat. She had a wonderful sense of humour...and I say that after one of the better "gotchas" on me.

Stopping by her desk on my way to a meeting, she offered me what I thought was a root beer flavored hard candy. I bit into it as I walked into the meeting to discover it was scotch-filled and I now had liquor on my breath in the middle of the morning with 20+ people in the room. A bit of scrambling got some coffee to knock down the liquor smell and life went on. She had the most innocent look on her face when I stopped back to thank her. I miss those days and her. “ My dear friend Dolly was always full of smiles and laughter and a joy to be around. We spent many years working at the hospital and spent many good times outside of work gathering with others for dinner and especially for our luncheons with the Blvd. Bunch.

My dearest sympathy to all of her children whom I knew from work as well. Dolly always talked or should I say "bragged" about her kids and well deserving of it. Her children were good to their mom and she was a loving, caring mother. My sincere sympathy to all of Dolly's family, including her family in Australia. (She spoke of them often to me and I have family there too so we shared our many times talking about our families far away).

Dolly, I will never forget your kindness, friendship, and "motherly advice" over the years.

Rest in Peace my friend.
