“ Sorry to hear that Doug passed. He was my neighbor for 23 years and we used to talk over the fence and he would give me extra tomatoes from his garden. I will miss his smile. My condolences to his wife and family

“ I worked with Doug for what seems like a short time but was about 25 years. I was a young man when I started in the Lab and always looked up to Doug. Any time I needed help I would go to him and he would always have the answers. While I did not have a lot of contact with him after he Retired accept for the occasional after work "Pop" I would have with him and Scott . I will miss him and my thoughts and prays go out to his family in this very difficult time.

“ Doug was a close and dear friend. We worked together for about 25 years. His attention to details helped the GM Lab greatly. He wasn't always easy to work with, but somehow we had an understanding of respect between us. We worked side by side for many years, and we each could finish the other's sentences for him. I'll miss how we talked about cars, race car driving, which stock to buy, which Medicare plan to get, and how to make Comcast lower their prices! I'll miss when Doris and Doug would come to Florida and visit. He always looked younger than his age. I still can't believe it. I'm gonna miss ya, buddy!

Oh, and this I'll miss too: "Uh, yeah, just one more thing". RIP Doug. And Doris, know that you are in our thoughts and prayers.
