“ *I went to school with Doug at Bedford Public Schools and our families attended the same church. Thank you for putting his obituary in the local paper despite being shocked and saddened by the news. I am so sorry for your loss. He was a kind and good person and I'm sure he was the same as a husband and father. God bless you during this challenging time. Monica (Satkowski) Dull*

“ I worked with Doug at Optimeyes. He made me laugh on countless occasions! I remember a work trip the billing department took to Chicago. As soon as we got off the plane Doug and his lovely wife. Playing that find that silly Poka Man game. Like two little kids. Made me laugh. One time at work that poka man was underneath my work chair. Such a good man with a great laugh and much love for his family. You will be greatly missed.

“ *Doug was a great man with such a beautiful smile and humor to go with it. We had a lot of fun when we were younger at family functions but unfortunately I haven't been able to see him much over the past thirty years. Loved him and will remember him with fond memories. 💕💕💕*

“ Laura and family, my deepest condolences on your loss. I had the privilege of working with Doug at Henry Ford Hospice for over 15 years. While he was tight fisted with our money, always reaching for his wallet to secure it when I came around because he know I was going to ask for money, he never short change the things that matter most to help patients and their family. Doug was a great resource and good friend and person to work with that I'm sure he tried to teach all of you children. I have 6 children of my own and we would share how each of our kids were doing and what they were doing. So while he might have been away at work, each of you was in his thoughts and mind. Again, my condolence on your loss.
Sincerely - J Schalm

“ Dear Laura, I am truly sorry for your loss. It was always a gift to see Doug show up at our office to bring the finances up to date. Doug was always a calm and confident presence. He was always willing to take a moment while preparing his hot water with lemon to share a moment of conversation, the best way to prepare treasures from the garden and get us started with the fruits of his dedicated labor. He was a wealth of knowledge in so many ways and his love for family was always apparent. I will continue to keep each member of the Stark family in my thoughts and prayers. If there is a time when you need to lean on your Henry Ford Family know we are a phone all away. Kathleen Kortebein

“ *Laura and the entire Stark family. It pains me to have to write this today. Like all of you, I have lost a great friend. Doug and I spent countless hours together in our youth. Not one of those minutes together was anything but great! I have Doug to thank for many things, but he turned me on to the rock band " Bad Company". The song " Silver, Blue and Gold was a favorite, but perhaps "Shooting Star" is most appropriate at the moment. The song that I most associate with Doug every time I hear it, is the 1973 song by Uriah Heep called "Stealin". In the first couple of verses lead singer David Byron gives a sarcastic "Ha! ha! That Doug loved to sing out loud and then look at me with that Sarcastic Chit eaten grin that only he could give and laugh out loud. I will miss that! I know he will be missed by many, including myself. I guess the song that is most appropriate for Doug's passing is the Eagles song "Hole in the World". Rest in peace my friend.*
