“ How I will miss his kind smiling face. He was always lots of fun to be around. What I will always remember about Uncle Ed was how kind and helpful he was to my mom and us when my dad passed away so many years ago. I hope they are having one heck of a reunion. I speak from experience when I tell you that I know what you are going through. May God bless and comfort you all in this difficult time. Love, Darlene###imported-begin##Darlene Borowiak###imported-end##

“ My dear Godfather. What an inspiration you were to me my entire life. You took the time to share the sorrows in my life (my husband & father's death) as well as the joys in my life (my weddings and my daughter's weddings). Your hearty laugh and devilish smile, the jokes and hamming it up, teaching us that family was the most important part of our lives, will forever be etched in my memory. Until we meet again, go in peace. Love your niece & godchild, Linda###imported-begin##Linda (Dreffs) Schwake###imported-end##
