“ Edward Alexander Shaw is my grandpa. Whenever I was visiting my Grandma and Grandpa my Grandpa would always help me with my math problems, he was and still is so smart and intelligent. He could always figure out math problems so easily, He also taught me about computers how to use them, how to troubleshoot problems/issues with the computer, I'm really into computers now I love using computers. Whenever anyone needs help with their device I try my best to help them fix the problem and teach them how to fix it in case it happens again, Just like how my Grandpa would have helped them. I learned a lot from my Grandpa, He was one of the reasons I'm so good with technology and math. We all miss you Grandpa.

Noah Anderson - November 20, 2024 at 12:56 PM

“ Enduring Grace was purchased for the family of Edward Alexander Shaw.
