“ At the visitation I learned that a storm indicates a “good guy” has passed. On the way home from the visitation, Cindy, Allen and I saw the biggest double rainbow we had ever witnessed. 🌈 The rainbow was special. 🌈 It disappeared right into the sky.....indicating heaven was ready to welcome an especially “good guy” ..... my wonderful cousin Ernie. Love you ❤️❤️From Sharon Pernia

“ *Aside from is great smile and energy my favorite memory of uncle Ernie was when I stayed at your house while my parents went away for a couple weeks back in the late 70's/early 80's. He asked me if I liked Jazz music and when I said yes he got all excited and had me sit in his chair with the headphones on jamming his jazz playlist. The man was way too cool and had a great heart. I love all of you and will see you soon, god bless both uncle Ernie and aunt Dianne as I am sure they are enjoying their eternal life together now smiling down on all of you!*

*Uncle Ernie was a great man and will be in my heart for life. I remember way back when he was teaching Stevie and I how to run a commadore 64 computer.. He knew computers were the future. Also, as my brother Ed pointed out he was a jazz enthusiast and shared his love for jazz with me at a young age... He and aunt Diane had one of those childhood loves that lasted a lifetime.. you will be missed. RIP Uncle Ernie. Norm*

*Your dad was one of the few dad's that took the time to talk to us when we were in our teens. He was interested in what we were doing and what was going on in our lives. Sorry for your loss.*
