Tribute Wall

“ While glancing through the obituaries yesterday, I noticed Ernie's and was sad to see that he had passed.

I've known Ernie since 1979 when he hired me as his secretary at National Gypsum Company. He was a great boss and I really enjoyed working for him.

Ernie and I kept in touch over the years. I would occasionally call him - although it has been some time since we talked. We even got together, over dinner, on one occasion and he helped me with a project for my undergraduate degree.

He always sent me a Christmas card and note. When I didn't get one this past Christmas, I knew there was something wrong, as he faithfully kept in contact.

I know that he loved Tom Hatfield (who was at National Gypsum) and his family. Losing Tom was a real blow to him, as he saw him as a son.

From our last conversation, two or so years ago, I knew that he had been struggling with health issues between the kidney dialysis and his diabetes (he always loved his sweets!).

I will always remember Ernie as such a gentle, kind man. I'm sure that he will be missed by family and friends. I'm glad that he was a part of my life.

My sympathies to his family
