“ I was so sorry to hear about Gene's passing. I had the pleasure of working with Gene at St. Clair Power Plant for many years. He was a great man to work with and had an infectious laugh that lit up a room.  
What I was most impressed about Gene was that he worked so many years at DTE and yet he was so young!  
I hope his years of retirement, though not long enough, were enjoyable for all of you and those memories of Gene will get you through the tough times. All of you will be in my thoughts and prayers. Gene will be missed by more than you ever know.###imported-begin###Sue Rogers###imported-end##
