“ I just wanted to say that the service that was held for Franky was absolutely beautiful. The amount of love that filled that room from Franky's family and closest friends was truly overwhelming. My heart aches for each and everyone one of us who lost this magnificent person.

Mark Mhilli, Joanne, Mariah Fante-Mhilli, Dominic Mhilli and Miranda, I wish there was something that I could say to ease the pain, but the truth is, there are no words that can make this any easier. When I lost my father, what made things a little easier for me to deal with the pain was knowing that my dad was now with me everywhere I went and now I could talk to him whenever I wanted, I may not always here his voice speaking back, but if I opened up my heart, mind and spirit, I could feel that he heard me and I could almost hear his voice speaking back to me. I am here for all of you, if you ever need anything, please dont hesitate to reach out to me, I promise as long as I am alive you will never be alone!!!

Maurice McClendon, I know you know how important you were and are to Franky, but what I dont think you know is that Franky really looked up to you and valued your friendship more than anyone else in this world. Your opinion mattered to him, even if he didnt take the advice that you gave him, he knew that YOU would always be there no matter what. I know you are having a hard time dealing with this lose, but just know that he does still live on in his children and grandchildren and I know that each of those kids could find some sense of peace just knowing that you are still here and you can share stories and experiences with them about their dad, that just might put a little smile on their faces and it might help you cope as well.

Jenny Wells, you are the TRUE love of Frankys life, you loved him unconditionally for as long as I can remember and he loved you back just as much. I hope that you as well find some kind of comfort knowing that Franky loved and cherished you even if he didnt always show it the best way. I hope that you and Mariah can get

back to the place that you used to be, because I think that the relationship that the two of you once had is incomparable to any other "step parent" relationship that I have ever known. Even though you and Franky were never married, Mariah ALWAYS referred to you as her "stepmother" and she loves you as though you are.

To everone else that knew and loved Franky, please keep his memory alive through happy experiences that were shared, please speak only kind words of him, and I pray that all of you find peace in heart during this terrible time.

WE LOVE YOU FRANKY MHILLI, WE WILL REMEMBER YOU EVERYDAY, WE WILL LOOK OUT FOR YOU FATHER , MOTHER, CHILDREN AND GRANDCHILDREN, AND MAKE SURE THAT THEY ARE NEVER ALONE. REST IN PEACE MY FRIEND - THE STORM IS OVER NOW

LOVE ALWAYS,

RHONDA FANTE
