“ Joe,
So sorry to hear of Gail's passing. We had hoped for so much more time. Although I had never met her, the love that shown in your eyes and face for her lets all know that she was indeed special. My prayers are with you and your family and I hope that the time you did have with her will help comfort you. May God bless.

“ I wanted to share that I met Gail back several years ago - she worked in harness assembly for another company directly, but supporting the company I worked for. I remember Gail as a very friendly person, who had a lot of love for her family and friends. I know a couple of the family members through my association with them at their jobs as well, and although I don't get to see them anymore because I've moved away I want the family to know that my family and I will be praying for patience, peace and understanding through this difficult time. Finally however, I hope that an appropriate celebration can take place as well, remembering who she was and how she lived her life. I am deeply saddened by Gail's passing, but equally gratified to have known her and her family. God Bless you all, and remember Gail fondly, as I will. Kind Regards, Steve De Graeve
