“ Hi dad & mom, I think about you both all the time. I sure wish we could go back in time. I sure did enjoy bringing you my fruit from my lunches I took to work.

It always seemed like you enjoyed that.

Remember the time we raced down your street on your electric scooters. That's something I won't ever forget. I'm sending you & mom big hugs & kisses! I miss you both more than you will ever know! Goodnight for now. Love, Your daughter Sandy 🥰 xoxo ❤️💙

“ Hi Dad, I want to wish you a Merry Christmas! It's truly not the same without you & mom! I miss you both so very much. I remember Christmas when we were younger and I got my first job and spoiling your other daughter so much. I wish she remembered! She still doesn't talk to Mike, Brian or me! Maybe someone will come to my funeral from that family when I come to be with you & mom. But I won't hold my breath! I don't know why I'm talking about that. I guess because I miss the family we once had. I know you & mom did the best you could. & I'm grateful for having a fun childhood. I miss you dad, please tell mom I miss her too. And I will always love the both of you forever! 💔

So Brian & I were in Las Vegas recently and I thought about the first time you & mom took us all there in 1991. Such good ole days. “ Hi Dad, today is Mother's Day! Didn't do much but we did go visit Aunt Sandra yesterday. It was a very nice day. I just thought I would let you know Mike & I have patched things up and things are going much better now. I wish you could help him get his health under control. I worry about him. His energy level is getting as bad as mine. I might have back surgery and I'm scared to death. Please be a angel over my shoulder for me. Dad I hope you wished mom a happy Mother's Day ! I know she would hear it from you!
