“ I was thinking of Mr. Jasina today and decided to look him up, sadly to find this obituary. Mr. Jasina was a great teacher and I really appreciated his candor with students. At a time in life when consequences and life choices are difficult to grasp, he had a way to communicate with us that sticks with me to this day. His advice led me to choose a path that has led to a successful career and wonderful life and I'll be forever grateful for helping a 16 year-old me see the path. Rest in peace, Mr. Jasina and condolences to your family.

“ Mr. Jasina was my 9th grade Biology teacher when I attended Oakwood Junior High school back in 1973. He was one of the teachers you never forget and I found I enjoyed learning Biology more than I would have imagined because of him and his teaching style. I also remember when it came time to pith a frog, I just could not do it. He did not pressure me and I was always grateful to him for not giving me a hard time about it. Thanks Mr Jasina.....Joyce Bondra

“ Dear Roseanne, I just learned of Jerry's passing today and was so sorry to hear. When I was a young teacher in the science department at EDHS he showed a lot of faith in me and fostered my professional growth.
You have my sympathy and prayers at this difficult time. Kathleen Smith Burke

“ My sincerest condolences for your loss. Mr. Jasina was such an amazing educator. I learned and experienced things in his biology classes that gave me a firm foundation that lasted well in to my final years of college, majoring in Biology. I'm so grateful he pushed me to constantly succeed and even rewarded me with a ride on his boat with his lovely wife in 1995 or 1996 when I earned straight A+'s all year. May your family find comfort in these words, prayers and memories shared by so many that he positively influenced.

“ Mr. Jasina was an excellent teacher. After his chemistry class in 10th grade, he allowed me entry in his 11th grade AP Biology class. Not without trepidation mind you. I'm glad he gave me a shot because I met my wife in that class. His impact was far more reaching than he could have imagined.

“ Mr. Jasina was one of my favorite teachers. He taught me to love science and I often think of how he influenced me so much that I became a teacher. Some of my best memories of high school were in his classes. So sorry to hear of his passing.

“ I remember how Mr. Jasina loved his boat, dogs, floral business, the Pistons, his wife and home. Not to mention football and science. I have fond memories as a former student. He hired a couple of us to mow his lawn, paid well and gave us Piston tickets during the Championship years! I went on to teach science in ED, becoming his colleague before he retired. Another good guy goes home. Rest old friend.

“ Dear Rosanne, We are so sorry to learn of Jerry's passing. We remember Jerry as a dedicated teacher who pushed his students to strive for success. His interests were many as evidenced in his interest in flowers and flower arranging in the business you worked on together. He will be greatly missed by his friends and family. Please accept our sincerest condolences. Peace be with you, Margaret and Allan Torp
