“ Aunt Helen,
I learned from you who I was as a Wener. You taught me about who my dad was, how my early life was and so many things about my history. I cherish the many hours we spent just visiting and hashing over life. Little Magdalynn will know who you are through me. And I am sure she will be the same spitfire her Great-Great Aunt Magdalynn was.

“ Helen,

Your passing has left a void in my life. You exceeded my expectations as a grandmother, friend and teacher. You taught me how to drive (at 8 years old) and took me and Jackie to Church every Saturday when we lived in Sterling Heights. You taught me how to swear in German. But most importantly, you loved me unconditionally. My only wish is that I had more time with you as an adult like I did as a kid. You will be remembered forever in my heart and will never be forgotten.

Rest in Peace Helen. I love you very much and will miss you forever!
