“ Dear Diane,

I have thought of you often over the years since St. Barts and remember your mother as a kind, out-going lady who gave me my first "English style" tea with cream and sugar. My mother saw the information of your mother's passing. We both send you and your family our deepest sympathy.

Sincerely,

“ We are sorry to hear about Helen's passing. I know she and Ann meant a great deal to each other and Ann will miss her phone calls with Helen. We had hoped to bring Ann to the funeral home, but she did not feel comfortable heading out in the cold weather in her current condition. You are in our thoughts and prayers.

“ *Diane~ Your mom's obit showed a lady who enjoyed life. We know the quality time spent with her before her health had worsened will eventually lessen the sharpness of the what you have recently experienced. It is so difficult to witness a parent's decline at the end. It is such a feeling of helplessness when you want so much to make things all right. Our hearts go out to you during this time. May God give you comfort during these coming days. Our wish for you is to find solace with the coming together of your own family, siblings and extended family to celebrate her life and to remember the good times.
