“ Was she ever referred to as "his wife?" No she wasn't. How dare you write something so toxic on someone's obituary page. The photos are of people who loved and cared for Jack. She may not have been his wife, but she cared for him more than most of his family ever did.

“ Jack's granddaughter posted the photos and currently lives out of state so she doesn't have access to their family photos - only the photos on her cell phone. I'm sure she just wanted to create a tribute to honor her grandfather. I think your disrespect for Jack and his family are distasteful.

“ That lady in the one pic isn't his wife. Distasteful that a picture of Patricia wasn't posted!
