“ I worked with Jack for years in Real Estate, I can simply say he was the most intelligent person I ever met .. he was always thinking ahead and I leaned so much about his thinking process not only in real estate but life in general .. he made a huge difference in my life, I learned how to come out of my comfort zone exclusively from Jack .. Greg Goforth .. God speed buddy you will be so missed specially in cocoa beach !! Heavy heart here

“ Sue and family: So sorry for the loss this community has suffered by the passing of your father and mentor. He was smarter than most of us but never made it an issue accepting all views. I haven't seen him since the wrestling days but know how successful his children are. I have followed him on facebook and will miss his humorous political posts. God bless this good man and his family. Amen

“ My condolences to Susan and Jack's family. It was so nice that Jack and I reconnected on Facebook the past couple of years. We had great times together as Fraternity brothers in undergrad school at Wayne State. Jack hired me to work weekends in his pharmacy when I was in graduate school, which really helped me out. Be at peace after a life well lived.

“ Our sincere condolences and deepest sympathy to the entire family. We all lost a fine and honorable gentleman. I will always remember him as a very special cousin full of life and fun. He introduced me to Downtown Detroit life (along with our cousin Tom) the first time we met in the summer of 1977. The memory of that night is forever engrained in my mind. May his memory be a blessing. Inad & Liliane Haddad and Family
