“ Dear Carol,

*I've known you since we were kids and I watched this big lug come along and fall in love with you. I know today you want to hear how lucky you were but I think Jim's luck was a little better. People are always better when they have some substance to them, you know grit, they take a stand for something. Those are the people we all remember. Jim was strong willed and a guy's guy. I will miss his big smile. I hope he was right with God and that he now is in a place with no pain but only joy and peace. God bless you in your grief and your life ahead which you know Jim would want you live in happiness and celebration of all the wonderful years you two shared together. Love.
