Wow! I've been thinking about her so much lately and decided to look her up so I could reach out and say hello after all of these years. I met Jolanda when I was 14 and moved to Donald St, in Royal Oak. We were fast friends and ride our bikes to play tennis together almost everyday that Summer. I was a year or two older and we lost touch once High-school started for me and middle-school for her, but I've always remembered her with great fondness. I was sad to find she's left this world before I was able to tell her. I'm so happy, however, to learn that she was greatly loved and as able to leave behind a beautiful family that will always have memories of her to cherish - I hope they're all good ones. Rest easy my old, and special friend. Sheri-lyn Traylor (Simmons)

“ To my great regret, we cannot be there from the Netherlands to support the family. The Klein Overmeer family was/has always been a close-knit family. I, as the second oldest cousin, remember when we came to Grandpa and Grandma in Lent. Uncle Geert and Aunt Joke lived nearby and we saw Marchel, Jolanda and Monique. We were young children and Jolanda was a bit shy timid girl at the time. When they moved to America, we lost sight of them. In 2018 I went to Uncle Geert and Aunt Joke with my mother and we saw them all again. The shy, timid girl had become a proud grandmother. An independent woman with her physical problems that she didn't complain about. She marveled at the fact that I still had all my hair and pulled it to check this out. She also had humor. Jolanda you will be missed. cousin Geert-Jan.

“ Jolanda was a true warrior - fighting more battles than any one person should have to endure. Always with such strength and hope. Love of her family always pushed her through words alone cannot describe the sorrow that I feel sending you love and strength during this difficult time. May the wonderful memories outweigh your grief.
