“ I was still little, but I remember when you all were visiting us in Germany and Tante Gretl brought me a whole set of brightly colored hair clips (red hearts, blue ovals and yellow with dots). John (still a teenager at that time) had to serve as my hair model while I was trying them all out, and those bright colors really looked nice in his dark hair. I did not quite understand back then, why all the adults were laughing so much, now I wish somebody had taken a picture of it

*John, hopefully you have found your peace and rest now
Your cousin Tanja with family*

*I'd like the memory of me
to be a happy one,
I'd like to leave an afterglow
of smiles when life is done.
I'd like to leave and echo
whispering down the ways,
Of happy times and laughing
times and bright and sunny days.
I'd like the tears of those who
grieve, to dry before the sun
Of happy memories that I leave
When life is done.

“ I remember all the great times I had with Johnny hunting at the hunting cabin. He was one of my best friends at Chrysler CTC. I really feel bad that he died so young but I know John had a a very fun filled life and did not miss out on anything. My sympathy to the family I know this is a very difficult time for you. May God's blessing be upon him and maybe some day I will meet up with him in heaven. Amen.

“ *I remember our family going to the Korff's home in Rochester Hills....it seemed to be in the middle of a huge field, and John running around outside with his ever-present huge grin! I also remember when we were young teenagers, him talking on the CB Radio with the truckers, using their slang. I was very shocked to hear of his passing which is way too soon. My deepest sympathies to his entire family.*

My family and John's family were good friends when we were growing up. I remember the good times we had together. One of my favorite memories was of the time that my family went to visit his family at his parent's house in Rochester.

John asked me if I liked Alice Cooper, and I responded "Who is she?" John laughed at me and explained to me that Alice Cooper was not a woman, but a man and a Rock Star. Then John played a recording of Alice Cooper's song - School's Out. Since then whenever I heard that song I would think of John Korff and how he had to explain to me all about Alice Cooper. Now he is gone, much too soon, But I am sure that I will continue to think about him everytime that I hear the song - School's Out. Rest in peace, my old friend.

John to me was always the life of the party, the glow in the room...his smile, his energy, his positive outlook on everything just simply fun to be around. God rest your soul John.
