“ Memories-- How do you just pick one memory when there are so many? I have been in the sanders family for pretty much my whole life. Julie is like my sister and the boys are like my brothers. John was like a second Dad to me. From family holidays to family vacations. From dinners to getting yelled at because Julie and I ,getting in to trouble. If I had to pick one camping would be the best memories over the years. The holiday camping weekends where the best. John was a great man, honest, kind, caring man and will be very missed and never forgotten. Rest in peace and take care of willy give Joan a big hug from us. Love Jamie, Keith and the boys

“ My Uncle John; Uncle John was a pioneer in the computer industry before everyone had one in their home now their hands, he was the most patient man I knew and he would always make you feel comfortable where ever you were, he had a big heart and a big smile, He loved to laugh, he would always listen to you really listened. I remember I was at Aunt Joan and Uncle John's house and they had a dryer that wasn't being used in one of the rooms and Aunt Joan for some reason went to look inside and there must have been fifty computer games inside of that dryer, he sure did love those computer games, we were very happy when we heard the news about Uncle John and Aunt Judy getting together -they made a great couple, I know We are going to miss Uncle John so much.
