“ John was my mother's cousin and I remember him from my childhood visits to the farm. Since he was 16 years my senior I knew him only from a distance. He seemed to a young girl to be quite exotic and sophisticated. I am sure that I was too shy to speak to him ever. Then again, there never was much talk between adults and children. Please accept my condolences on his passing. I know he will be missed. May God give you all comfort.

“ *My brother John and I shared many good times together. Even though he was 11 years older, he spent time with me as I was growing up on the farm. Although he became separated from his family as he aged, he did try to rebuild relationships with many family members. Rest in peace, John.*
